

TC18P

series

Product Segments

- **Ergo Motion**

TC18P is an upgraded control box for the 2-leg height adjustable desk. Although physically thinner, the TC18P functions similarly to the TC15P. It also has integrated t-touch and built-in Bluetooth options that protect your desk from material damage, while enabling the desk to be operated via our mobile desk app.

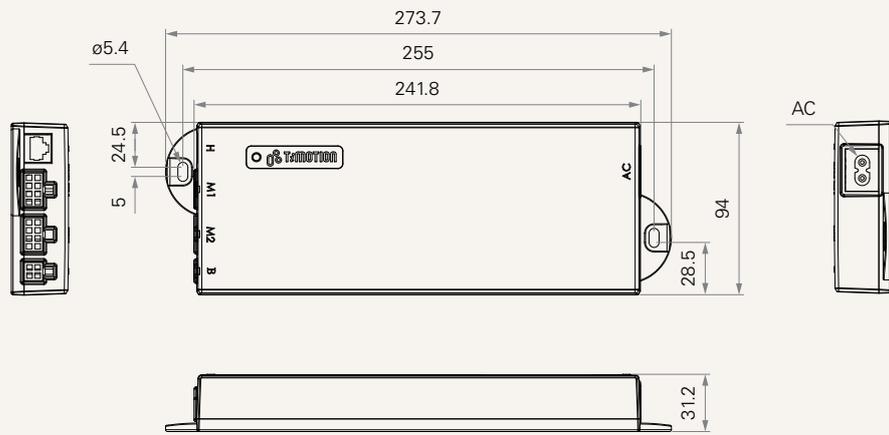

With advanced PCB, the TC18P makes it possible to add a USB or wireless charging device to the system. This new generation TiMOTION control box makes the 0.1W low standby power standard. Also, with the TC18P, you can easily utilize all the features you want for your sit-stand desk.

General Features

Number of motors	2
Max. output	32V DC, 10A
Options	Supports t-touch/Bluetooth built-in, charging accessory
Built-in transformer type	SMPS
Plug support	EU, USA, AUS, UK, or JPN
Color	Black
0.1W standby power consumption	
Compact design for height adjustable desks
