

TDH19P

series

Product Segments

- **Ergo Motion**

TDH19P is a novel handset dedicated for glass table top designs. With the fully embedded design and touch buttons, TDH19P is an integrated control panel that can be operated through the glass surface. In addition, TDH19P features 3 USB charging ports, 4 memory settings, and 1 safety button, making it a unique and intelligent hand control for height adjustable desk applications.

General Features

Maximum available buttons 6
3-digit display shows the height of the desk
Memory functionality (4 settings)
Mounted to the desk front side
Contains 2 USB charging ports and safety lock button
Especially dedicated for glass table top designs
